Subject: Get the Poison out of our River

Dear Portland Harbor Cleanup Public Comments,

Dear Ms. McCarthy and Members of Congress,

EPA's proposal tackles just 8% of a site area that is 100% toxic. Why not take some of the profits these industries made off the back of the river, it's fish and it's people, and use the money for clean-up jobs: payback for the people, and future for the fish!

A more aggressive plan is needed. I urge the EPA to implement a plan that:

- Moves quickly and sustain-ably reduces contaminants causing harm to Willamette and Columbia River resources
- Includes ongoing monitoring and cleanup upriver and downriver from the site
- Contributes to healthy fish that are safe to eat
- Holds polluters accountable for creating a safer Portland Harbor

We all deserve a clean, safe Portland Harbor.

Sincerely,
